

## MEDICATION SUPPORT

Bon Secours St. Francis Hospital participates in the 340B Drug Discount Program, a federal program that requires pharmaceutical makers to provide outpatient drugs to eligible healthcare organizations or covered entities, allowing them to optimize federal resources and reach more eligible patients, maximizing comprehensive services to unfunded patients.

COMMUNITY BENEFIT REPORT

Creating Life Changing Moments in Our Community

## DEAR FRIENDS,

Despite the challenges to our healthcare system and community over the last year, I'm grateful for the dedication and ingenuity of our teammates to continue the work of our mission. The pandemic highlighted many social and health inequities, and our teams responded with unparalleled dedication to serving those in need.

We collaborated with local churches to provide fresh produce to seniors experiencing food insecurity and established community partnerships to expand our reach in the rural community. Working with law enforcement and drug prevention agencies, we hosted Medication Take Back events to provide education on the opioid epidemic and safe medication disposal. Through these events, we collected 591 pounds of unused or expired medications to help keep our community safe.

We contributed a total of 5.5 percent, or \$55.4 million, of our net operating expenses in community benefit. That figure includes \$29.4 million in charity care and \$1.6 million in community outreach. Teammates donated 3,033 hours of staff time supporting community and health-related initiatives serving 9,753 residents.

Thank you to our teammates and community partners who work hand-in-hand to create a healthier, more equitable environment for all Tri-County residents.

## SINCERELY,

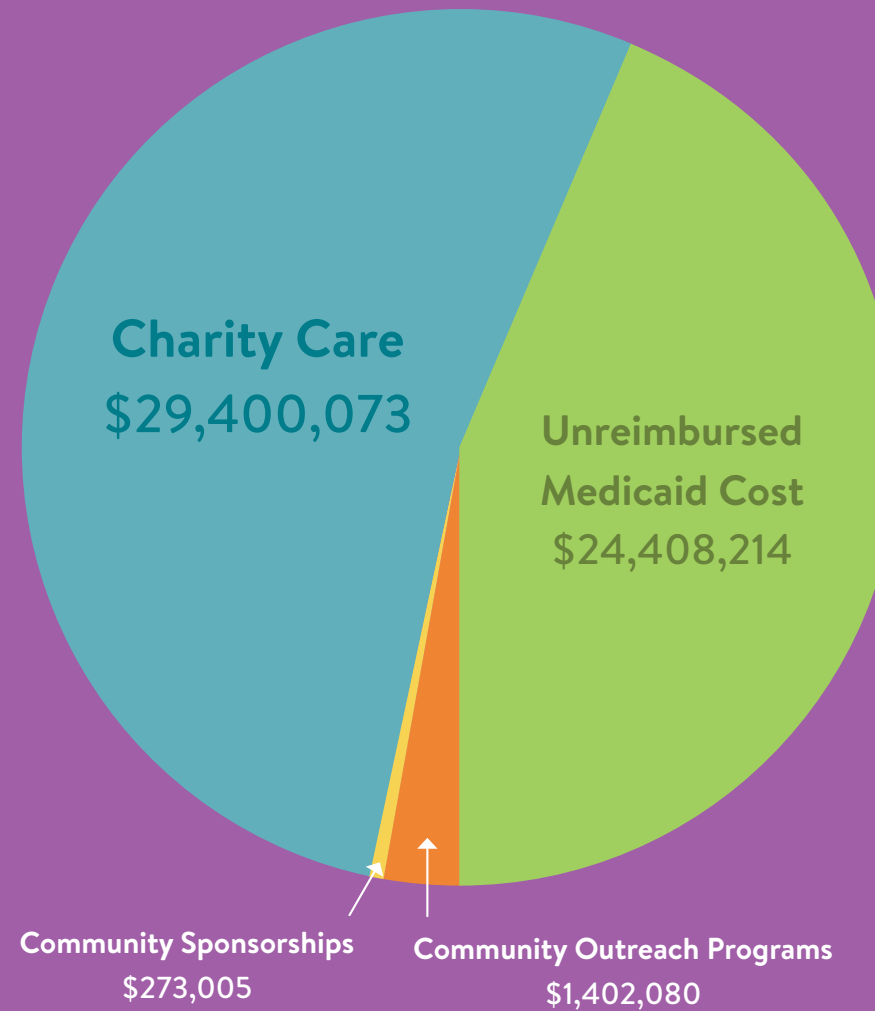

**Jeff DiLisi, MD**  
President and CEO  
Roper St. Francis Healthcare

## 2020 COMMUNITY BENEFIT REPORT

**Total Community Benefit Expense: \$55,483,372**

*(5.5% of Net Operating Expenses)*

In 2020, Roper St. Francis Healthcare served 9,753 of our neighbors in support of wellness, outreach and education events. Our staff contributed 3,033 hours in community service. We supported 61 organizations with sponsorships, including Dee Norton Child Advocacy Center, Special Olympics of SC, Water Mission, The Green Heart Project and Tri-County Black Nurses Association.

The medication drop-off program provides disposal for expired and unused medications to prevent overdose.
